Recommendations

Make it easier to find and book international train journeys

Ensure tickets are available to buy at least nine months before the date of travel

Work towards international corridor coordination

Improve passenger rights

MOBILITY SERVICES

Make international trains an attractive option

TRANSPORT SERVICES

Encourage new international transport services

Improve coordination of train paths for international passengers

Encourage information technology applications to optimise use of rail capacity

TRAFFIC SERVICES

Unbundle regional, national and international rail transport

Invest in one eastern corridor

INFRASTRUCTURE

Invest in transboundary rail infrastructure
